To: General Manager
From: Equipment Maintenance Manager
Subject: Declare Surplus and Authorize Disposition of District Equipment

RECOMMENDATION: That the Board declare surplus and authorize disposition of the 1996 HC3450 Peterson stationary wood grinder with spare pusher blade and set of two pusher blade cylinders.

DISCUSSION

The HC3450 Peterson stationary grinder used at the Materials Recovery Facility will become surplus when it is removed to install the new Peterson 4750 portable grinder. It has an approximate value of \$20,000. Following authorization by the Board, staff will solicit bids and attempt to have successful bidder present at the time of removal to take delivery so as not to incur additional cost for the District of handling the unit twice.

CONCLUSION

Declare surplus and authorize disposition of the 1996 HC3450 Peterson stationary grinder.
