DATE: August 8, 2008  
TO: General Manager  
FROM: Equipment Maintenance Manager  
SUBJECT: Purchase of Two New Roll-off Trucks

**RECOMMENDATION:** That the Board of Directors authorize the purchase of two Volvo Model VHD64B truck chassis with Stellar Slider 65 Hook lift System and Pioneer RP4500 Auto-tarp System from Central Valley Truck Center of Fresno, California for a total price of \$166,692.24 each and a combined total of \$333,384.48 (including sales tax and freight).

### BACKGROUND

Funds in the amount of \$340,000 were included in the FY 08/09 Capital Outlay Budget for the purchase of two new roll-off trucks for use in hauling roll-off boxes from the Materials Recovery Facility and around the site. These two new trucks will replace the District's 1990 Volvo and 1995 Ford roll-off trucks, which have reached the end of their useful life.

At their July 2008, the Board authorized a request for bids for the acquisition of two new roll-off trucks. Use of the bid process assures the lowest price for equipment meeting the District's specifications. Staff proceeded to prepare specifications for two trucks with a hook-lift type roll-off system. On July 22, 2008, a notice inviting sealed bids was distributed to four potential bidders.

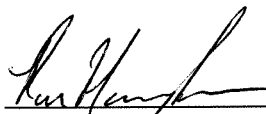

### REPORT OF BIDS

On August 7, 2008 at 2:00 p.m., sealed bids for the new roll-off truck were opened and declared publicly. Of the four invitations that were sent out, three (3) bids were received as follows:

Vendor	Truck Manufacturer/Model	Qty	Bid Price Total
Central Valley Truck Center, Fresno	Volvo VHD64B with 46,000 LB rear axle option, to include the Stellar 65 Slider Hook lift and Pioneer RP4500 Auto-tarp System	2	\$333,384.48
Coast Counties Truck & Equipment Company, Salinas	Peterbilt 367 with the Stellar 65 Slider Hook lift and Pioneer RP4500 Auto-tarp System	2	\$348,798.98
Bayshore International, Watsonville	International 7600 with the Stellar 65 Slider Hook lift and Pioneer RP4500 Auto-tarp System	2	\$364,196.94
Salinas Valley Ford Truck, Salinas		2	No Bid

**CONCLUSION**

The bids were reviewed by staff and it was concluded that the low bid from Central Valley Truck Center satisfies and/or exceeds the specifications and best meets the needs of the District. Service will be provided by Edwards Truck Center in Salinas and delivery will be within 120 days. It is therefore recommended that the Board authorize the purchase of the (2) Volvo VHD64B roll-off trucks from Central Valley Truck Center for a total price of \$333,384.48.
