RECOMMENDATION: That the Board Adopt Resolution 2008-07 establishing the District Investment Policy and Guidelines for Fiscal Year 2008/2009 and direct staff to continue to establish an annual investment policy.

BACKGROUND

The State of California 2003/04 Budget Act (Act) suspended, for one year, the state-mandated investment reporting requirements for local agencies to their legislative bodies and oversight committees. The Act also removed the fiscal reimbursement for the cost of preparing local agency investment policies and reports. Effective January 1, 2007, the California Government Code Section 53646 was revised to remove the annual mandatory filing of a local agency's annual investment policy. The section now provides the chief fiscal officer of a local agency the option of submitting an annual investment policy to his/her legislative body. Effective January 1, 2008, changes made to the California Government Code Section 53601(d) authorized local agencies to invest in registered treasury notes and bonds issued by and of the other 49 states in addition to California. The District Policy and Guidelines comply with these limitations.
