The California Integrated Waste Management Board (Board) completed the evaluation of your agency as the certified solid waste local enforcement agency (LEA) for the County of Monterey. The January 6, 2009 exit interview provided an opportunity for the LEA to comment and Board staff to make modifications to existing language based on factual information. The attached final evaluation incorporates information provided at the exit interview.

Your agency is recognized for implementing an excellent program that successfully addresses all of its LEA duties and responsibilities.
