Dear Mr. Merry:

On behalf of the American Academy of Environmental Engineers, thank you for taking the time to respond to the Re-Certification Committee's request for documentation of your continuing professional development activities for the period January 1, 2006 through December 1, 2007.

The Committee has reviewed the materials you provided, and has determined that you comply with the Academy's requirements for continuing professional development. Therefore, you are entitled to an Active status certification in the specialty of Solid Waste Management.

In accordance with the Academy Bylaws, you may not be audited again in the next 10 years (or until 2018). However, you will continue to attest to your compliance with the Academy's continuing professional development requirements for Active certification during each annual certification renewal cycle.

Thank you for your cooperation and timely response in the audit process. Through these actions, you enable the Academy to maintain the credibility and integrity of its specialty certification program.

Sincerely,

Lisa Woodward, P.E., BCEE  
 Chair, Re-Certification Committee
