TO: General Manager
FROM: Equipment Maintenance Manager
SUBJECT: Purchase of Dumpster-Style Debris Bins

RECOMMENDATION: That the Board approve the purchase of eleven (11) 3-yard debris bins, and three (3) 14-yard debris bins from Consolidated Fabricators of Galt, CA, for a total cost of \$11,102.34, including sales tax and freight.

BACKGROUND

Funds in the amount of \$45,000 were included in the 2009/10 Capital Outlay Budget for the purchase of new debris bins. The District's recycling operation at the Materials Recovery Facility and Public Z-Wall Drop-Off require numerous debris bins for the temporary storage of recyclable materials and non-recyclable residue. The current bins in use at the District have now become uneconomical to repair and have reached the end of their useful life.

REPORT OF QUOTES RECEIVED

Quotes for the debris bins were received from two local manufacturers as follows:

VENDOR	TOTAL PRICE
Consolidated Fabricators Corp., Galt, CA	\$11,102.34
Wastequip, Inc. Lockford, CA	\$12,552.67

CONCLUSION

The quotes were reviewed by staff and it was concluded that the low quote from Consolidated Fabricators satisfies the specification of the District for these debris bins. It is therefore recommended that the Board authorize the purchase of debris bins for a total price of \$11,102.34.
