

Monterey Regional Waste Management District - MRWMD, Marina, CA

Heavy Equipment Mechanic

Salary DOE -- Excellent Benefits

Monterey Regional Waste Management District – MRWMD, is accepting applications for a Heavy Equipment Mechanic. MRWMD is a public agency dedicated to preserving the environment by providing the highest quality, cost-efficient integrated waste management services to the greater Monterey Peninsula while protecting public health through the reduction, reuse, recycling and safe disposal of waste.

The Monterey Regional Waste Management District is home to the Last Chance Mercantile reuse store, Household Hazardous Waste Collection Facility, Public Drop-off Recycling Center, Material Recovery Facility, Landfill Gas Renewable Energy Power Plant, Small Planet School Education Garden, and the Monterey Peninsula Landfill.

MRWMD is seeking an experienced Heavy Equipment Mechanic for its maintenance facility. The ideal candidate will be a self-starter, motivated, possess a good attitude, work well with others, is able to follow directions, competently diagnose and repair construction equipment, help with day-to-day operations of the shop, must have own tools, a clean driving record and a valid driver's license. The successful candidate will perform a variety of difficult inspections, diagnosis, maintenance and servicing, and repair work on automotive equipment, heavy equipment, and materials recovery facility equipment. Applicants for this position should possess journey level skills experience and demonstrated ability to perform difficult and complex mechanical diagnosis and repair work on all types of vehicles and equipment.

EXAMPLES OF DUTIES/RESPONSIBILITIES

Inspects, locates problems, and diagnoses mechanical and/or electrical defects on District automobiles, trucks, heavy equipment, materials recovery facility equipment, and other power-driven equipment; determines the extent of necessary repairs; overhauls, repairs, and adjusts engines, transmissions, differentials, and clutches; tunes-ups engines, replacing ignition parts, and cleaning and adjusting carburetors and fuel injection systems; replaces or repairs faulty parts, including wheel bearings, oil seals, shock absorbers, exhaust systems, steering mechanisms, and other parts and equipment; repairs and replaces components, including generators, distributors, relays, lights, and switches; performs front-end alignments and repairs; repairs and adjusts gasoline generators, water pumps, and air compressors; performs services in the Material Recovery Facility such as replacing bearings, conveyors, splice bands, and welding of equipment; may perform general service of vehicles such as changing oil, filters, lubrication and hydraulic fluids; performs welding work to adapt and fabricate parts and equipment; performs wheel and rim repairs on heavy equipment; performs specialized maintenance and repairs on diesel equipment and hydraulic systems; performs the BIT truck inspections; carries out preventive maintenance programs; makes field and emergency repairs as necessary; maintains records on time and materials used; road tests repaired equipment; may install emergency warning equipment and radios; may operate District equipment to fill in for equipment operators; maintains and repairs District stationary equipment including gates, well pumps, electrical fixtures, and plumbing fixtures.

Any combination of training and experience which would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the required knowledge and abilities would be two (2) years of increasingly responsible journey level work experience performing skilled maintenance and repair work on automotive, heavy, industrial, and other power-driven equipment, including substantial experience on diesel engines, hydraulic systems, and heavy equipment electrical.

MRWMD is an equal opportunity employer and seeks candidates who can make contributions in an environment of cultural diversity. MRWMD provides reasonable accommodations for the disabled. If candidates require special arrangements to participate in the selection process, they should state their needs in writing when submitting an application package.

Benefits include: 14 Paid Holidays, Vacation, Sick Leave, Health, Dental, Vision, Life, PERS Retirement and ICMA-RC 457 Voluntary Deferred Compensation plan.
