California law prohibits the disposal of HHW in the trash. See www.mrwmd.org for additional acceptance information.

All Loads are Subject to Hazardous Waste Load Checking

Hazardous and Other Prohibited Materials, as defined under California law and regulations, may not be disposed at the Monterey Peninsula Landfill or the Materials Recovery Facility. If hazardous materials are found in loads, the hauler is responsible for all costs associated with management of the hazardous material. In addition, the District may notify state and local regulatory agencies, and the responsible party or parties may be subject to civil or criminal prosecution, or both.
