OTHER ITEMS FOR BOARD CONSIDERATION, DISCUSSION AND ACTION

7) Approve a PG&E Easement Deed for Electrical Supply to RAMCO Enterprise (For Adjacent Parcel)

Director Campbell stated that he had a concern regarding the easement since both Seaside and Marina received water from Marina. He asked that the Board table this item until more information could be obtained from staff regarding potential water risks. General Manager stated these were existing wells and that the requested
easement would be above ground easement to allow for power to be brought to the RAMCO property for their wells along the District’s property. He stated that it was a minor encroachment. Director Parker inquired about the PG&E payment and Director Delgado asked what RAMCO’s options would be if the District did not grant the easement. Director of Engineering & Compliance stated that payment would be obtained from RAMCO and not from PG&E. He also stated that RAMCO could obtain an easement from other entities, such as Monterey County, across Del Monte Boulevard.

It was moved by Vice Chair Campbell, seconded by Director Bales To: Table Consideration of Approval of PG&E Easement Deed for Electrical Supply to RAMCO Enterprise (For Adjacent Parcel) Until the March 22, 2019 Board Meeting to Allow Staff to Explore Any Potential Risk Factors and Report Back to the Board.

RECOGNITION

13) Recognition of Accounting Technician Tina Reid for 30 Years of Service to the District

General Manager stated that Tina has been a key person in her 30 years at the District. She was typically one of the first people in the office and served as a back-up for many positions. She was a wealth of information and the District “historian. On behalf of the Board, Chair Theis expressed appreciation for her 30 years of service.

14) 10 Year Recognition to Director Bruce Delgado

Chair Theis stated that Director Delgado is was a great environmental steward for the District and he always brought his own re-usable tableware. General Manager expressed appreciation to Director Delgado for his 10 years of service to the District including serving as chair. He is a passionate advocate for the environment demonstrated by his leadership in coordinating numerous clean-up events. On behalf of the Board, Chair Theis thanked Director Delgado for his 10 years of outstanding service on the Board.

15) 15 Year Recognition to Director Leo Laska

Chair Theis commented that the District Board had great continuity and on behalf of the Board expressed appreciation to Director Laska for his 15 years of service to the community through the District. His financial expertise serving on the Finance Committee provided the District with sound input. General Manager stated that he had taken over as District chair during a transformative time and under his leadership lead District staff in identifying cost-containment measures, finding other alternative revenues sources, and developing key strategic partnerships with other community and industry partners.

PRESENTATIONS

16) Small Planet News: American Public Works Association (APWA) Award

Senior Engineer David Ramirez provided the Board with a presentation of the District’s Materials Recovery Facility (MRF) and its recognition as APWA’s Project of the Year for the Monterey Region. The award criteria that it had to have a public benefit, positive completion time frame, innovation, public outreach, good safety record, and it had to have environmental considerations. He stated that the next step would be at the national level. The Board thanked Senior Engineer for submitting the District’s MRF for the award. It was a great way for others to see the exciting things the District was doing.
OTHER ITEMS FOR BOARD CONSIDERATION, DISCUSSION AND ACTION (CONTINUED)

17) Accept Annual Audit for Fiscal Year 2017/18

Accounting Manager Garth Gregson introduced Nathan Edelman of Vavrinek, Trine, Day & Co., LLP (VTD). Mr. Edelman reported that VTD had expressed a “clean” opinion, with no findings or recommendations over internal controls, and no audit adjustments. He commended staff for their ability to answer questions and provide information as it was staff’s responsibility to maintain the accounting records. He reviewed the statement of net position with the Board and pointed out the unrestricted net position which was negative $8.9 million and attributed to pension liability and other post-employment benefits (OPEB). These were long-term liabilities which would be paid over many years and from a budgeting perspective was not cause for alarm.

Director Delgado inquired about the unrestricted deficit and the significant increase from 2017. Mr. Edelman responded this was due to changing accounting principles and different calculations now being used. Director Allion requested that staff provide additional information regarding pension liabilities to the Finance Committee at their next meeting. Director Bales asked if there should be any concern about the audit and Mr. Edelman responded that not from an accounting perspective and they had no additional recommendations. Director Allion commented that the information contained in the audit assisted the Board in making sound financial decisions. Chair Theis expressed appreciation to staff for their thoroughness for following accounting policies and principles. She agreed that looking at pension liabilities would be good since 52% of the District’s expenses were personnel related. General Manager stated that the clean audit was a testimony to the good work conducted by the accounting staff. Director Delgado also thanked accounting staff for their efforts in providing information and materials during the Board retreat and as requested throughout the year.

It was moved by Director Allion, seconded by Director Laska To: Accept Annual Audit for Fiscal Year 2017/18.

STAFF REPORTS

18) Review Finance, Operating, and Recycling Reports

The Finance and Operating and Recycling reports for January 2019 were reviewed by the Board. Accounting Manager also provided a financial review.

Director Allion requested that staff provide additional information to the Finance Committee regarding the “other revenue” shortfall such as with the Last Chance Mercantile and compressed natural gas. Director Delgado expressed concern regarding the lifespan of each module related to contract waste and the cause effect. Director of Engineering & Compliance responded that each module was different sized and therefore different lifespans. Board discussion continued regarding increased tonnage and how it impacted module development. General Manager stated that information would be provided to the Finance Committee at a future meeting.

Director of Operations expressed appreciation to staff during the recent storms with winds up to 50 miles per hour. It had been decided to stop operating the MRF and redirect MRF staff to mitigate the materials that were blowing. They were taken out of their normal routine and they had stepped up to the request. The Board expressed appreciation and Director of Operations stated he would relay the Board’s comments at the planned appreciation lunch.
19) **Report on Public Education Outreach**

Director of Communication and Sustainability Jeff Lindenthal reported that District staff launched two new workshops. Recycling 101 was offered on February 2nd and offers a history of recycling and recent turmoil in recycling markets, a tour of the MRF, and information are what is being recycled, where it is shipped, and what it becomes. Zero Waste Home will be offered on March 2nd and will provide information on reducing waste and highlighting the reduction of plastics.

Board discussion followed regarding the ability to share the workshops or presentations through social media and direction was given to staff.

20) **Report on January 15, 2019 Meeting of Special Districts Association of Monterey County**

General Manager provided the Board with a written summary of the meeting.

**OTHER CORRESPONDENCE**

21) **Letter from Special District Risk Management Authority RE: Notification of Nominations for Board of Directors 2019 Election**

The Board reviewed a letter from the Special District Risk Management Authority (SDRMA) regarding upcoming nominations for their Board of Directors. The Board was advised that if they wanted to be nominated to serve on the SDRMA board, to let staff know since the nomination must be done by resolution of the District Board. The nomination filing deadline is May 1, 2019.

22) **Email from Solid Waste Association of North America (SWANA) Executive Director RE: SWANA Update**

The Board received an email from SWANA Executive Director David Biderman regarding key items in the solid waste industry.

**GENERAL MANAGER COMMUNICATIONS**

General Manager stated that District staff met with staff from the Salinas Valley Solid Waste Authority, County of Monterey, and City of Salinas on January 31st regarding the development of joint scopes of services for cost-effective processing and distribution of solid waste management services in the County in an attempt to try to develop collaborative approaches to managing organics, recyclables, C/D material and MSW for processing.

**BOARD COMMUNICATIONS**

23) **Accept Chair Recommendation for Committee Appointments**

Chair Theis stated that at she had selected Directors Blackwelder and Albert to serve on the Personnel Committee. Following comments from General Manager regarding the Proposed AdHoc Joint District/M1W Committee, and Directors Allion, Blackwelder, and Parker indicating they were willing to serve on it, Chair Theis recommended their appointment.
It was moved by Director Bales, seconded by Director Allion To: Accept Chair Recommendations for Committee Appointments.

Director Allion communicated that Director of Engineering and Compliance Guy Petraborg, and Human Resources Manager Berta Torres were selected to participate in Leadership Monterey County, which was a good opportunity to share knowledge and gain experience.
