SUBJECT: Personnel Committee Meeting of February 3, 2021

1. **Review Last Chance Mercantile Evaluation Process**

   District staff will discuss a process and framework for evaluating options for re-opening the LCM. Staff is seeking feedback from the committee on the best approach to enable the Board to make a final decision.

   *Recommendation: Information Only*

2. **COVID-19 Update**

   Berta Torres Human Resources Manager will give a brief oral report on our current Covid-19 status of cases.

   *Recommendation: Information Only*

3. **General Manager Comments**

   **Marina Community Meeting** – The City of Marina hosted a zoom Community meeting on Wednesday, January 27th. Presentations were made by MBARD, County LEA, Cal Recycle, County Agricultural office, M1W, and the Farm Bureau, as well as by a representative from UC Davis. About 75 people attended the meeting. Community members were also able to participate in a question and answer period. The meeting started at 6:30 p.m. and ended about 9 p.m. Next steps are to work with city of Marina staff and other stakeholders to perform an odor attribution study. The objective is to move as quickly as possible to begin to develop factual answers around the odor issue concern.

SUBJECT: Personnel Committee Meeting of February 3, 2021

RECOMMENDATION: For discussion and direction to staff

The Last Chance Mercantile Re-Opening Task Force (Task Force) is finalizing analysis of District options for re-starting LCM operations, which it plans to present to the Board of Directors on February 19, 2021. The Task Force intends to review with both the Finance and Personnel Committees a proposed process and framework (described below and attached) by which to evaluate options and discuss the best way to help the Board decide on a course of action.

Process

Staff proposes the following process:

1. Confirm District priorities through a review of the District’s mission and the objectives for operating the Last Chance Mercantile. Staff will review the attached priorities at the Committee meetings for discussion. These priorities have been informed by direct feedback received from Board members at the outset of the project as well as by comments made by Board members over the past few months.

2. Provide a detailed, side-by-side analysis that compares three options available to the District. The purpose is to give decision-makers an easy way to see the important differences offered by the different approaches. See the attached list of proposed categories for this analysis.

3. Summarize options with an executive summary level synopsis. Staff envisions this information being provided in a simple “pros/cons” presentation.

4. Make a staff recommendation.

Final decision-making

Staff seeks feedback on the appropriate pace of Board level review, discussion, and decision-making for this project. One consideration is whether staff uses the February meeting to engage in a detailed discussion of the options, followed by a final decision to be rendered at the March meeting. As there may be considerable public comment at the February meeting, this timeline may give more Board members more time to consider all input.
LAST CHANCE MERCANTILE RE-OPENING - EVALUATION FRAMEWORK

Analysis Presentation Outline

1. District mission and operating objectives of Last Chance Mercantile
2. Detailed analysis (matrix) of three options
3. Summary of pros/cons of options
4. Final Recommendation

District mission and operating objectives

- Primary District mission: turning waste into resources. LCM contribution: diversion of waste from the landfill.
- Operating objectives:
  - Maintain a reuse program for full operational demonstration of the waste reduction hierarchy at the District:
    - Waste Prevention (Pub Ed)
    - Reuse (LCM)
    - Recycling (MRF)
    - Composting (Keith Day)
    - Energy Recovery (LFG)
    - Disposal (Landfill)
  - Maintain a financially sustainable business model; break-even or nearly break-even, both near-term and into the future
  - Operate in a COVID-19 safe manner
  - Provide the broadest community benefit possible
    - Support the re-use ecosystem: donors, individual buyers, commercial resellers
    - Create job opportunities and training
    - Educates the community on topics that support the District’s mission and objectives
  - Provide platform/potential for program growth through future program innovation

SUBJECT: COVID-19 Update | Impact on District and Draft Essential Employee Safety and Attendance Reward

RECOMMENDATION: Informational Only

1. COVID-19 Update

Since March 2020, there have been 71 cases of employee absences related to COVID-19, ranging from a few days to three months (the maximum required by the regulation for school/childcare closures). Of those, sixteen (16) employees were confirmed to have contracted the virus. All experienced mild symptoms and have fully recovered to the best of our knowledge.

To date, we have not had any “workplace outbreaks” as defined by CalOSHA and none of the confirmed cases were traced to exposures at the District and we believe that this is due in part to the District’s early implementation of safety protocols as well as the immediate isolation of confirmed cases encouraged by providing emergency paid sick leave.

As previously reported, the federal regulation requiring emergency paid sick leave for COVID-19 illness expired in December 2020. However, the District extended the benefit to encourage employees to stay home and self-quarantine if they are confirmed to have contracted the virus or if a household member is confirmed positive. Since January 1st, there have been 8 employees who have benefited from the benefit extension.

While California progresses through the early phases and tiers of California’s COVID-19 Vaccine Plan, staff has been closely following the Monterey County Health Departments vaccination communications and schedule and is prepared to offer vaccines onsite as soon as the vaccines become available for Phase 1c (other essential workers), tentatively scheduled for April/May. We have registered our interest in hosting an onsite clinic with the Visiting Nurses Association, FastCare, WorkWell Medical Group and the County Health Department, for our essential workers and will move forward with the partner who is available first.

2. PROPOSAL FOR FY 20-21 COVID-19 ESSENTIAL EMPLOYEE SAFETY AND ATTENDANCE REWARD

Staff continues to work with legal counsel and the OE3 representatives to design a reward program that recognizes the District’s frontline employees for their contributions to the District’s success in sustaining full operations during the pandemic by practicing safe behaviors on and off work. Staff will provide a verbal update on the status of program development at the committee meeting.
